

## Our Purpose and Approach

Sanlando Christian School is creating an early learning community where children are taught to love God, love learning and love others.

At SCS, learning is hands-on, blended right into play. We place a strong emphasis on social and emotional development, which primes children for success in school and life. We are accredited by the United Methodist Association of Preschools, ensuring that we provide the highest quality experience to our children.

## Our Classes

Classes are offered for children ages 2 years through kindergarten. Our teachers are passionate, caring Christians with training in early childhood development. Each day begins with activities to help build community and grow our faith. Then each class delves into language & literacy, number recognition & mathematics, exploring God's creation through science, and self expression through art, music & pretend play.

What sets us apart:

- Small class sizes for individualized attention
- Part-time hours with just the right blend of time at school and home
- Consistent communication between parents & teachers
- A focus on caring for others
- A sense of belonging & community for families
